

# Jon Paolo Dimaculangan

## Full Stack Software Engineer

Pearland, Texas | (832)2783604 | [jondmclngn@gmail.com](mailto:jondmclngn@gmail.com) | [Github](#) | [LinkedIn](#)

A career working with people in a fast-paced, quality-driven environment has honed me to have intensity and integrity in my work while maintaining high-quality results. Curiosity has always enveloped my mind, it provides me a hint of foresight that gives me the ability to plan and adapt accordingly. I am able to communicate effectively by assessing the current problem as well as solving it by breaking it down into pieces.

### SKILLS

- Programming Languages: Javascript, HTML, CSS, React
- Frameworks: Bootstrap, Node.js, Express
- Databases: Postgres, MongoDB

### RELEVANT EXPERIENCE

#### Software Engineering Immersive | General Assembly | Remote | Jan 2022 – Apr 2022
